7. To add more expense lines click the plus sign, **Add Expense** which will give you two options:

- **Create Expense Item** – Brings you back to the category selection screen
- **Transfer from Unsubmitted Expense Items** – Allows you to select expense lines in Unsubmitted Expense Items

8. When you are finished entering your expenses, click on the **Continue To Payment Method**

Note: You can start a report now and finish it later; any reports you begin with at least one expense will automatically save and can be found in the **Unsubmitted Reports** area.

As you add each line, refer to the Receipt/Doc column for guidance on whether a receipt/doc is needed, is attached, or is not required. Expenses submitted without proper documentation will result in a non-reimbursement. Discuss with your Consultant.

To add a receipt/document after creating the expense line item:
